Hi Sally,

Attached is a summary of the February 15 CAG meeting. Please let me know if you have any questions or comments.

Thanks!

Subject: Rolling Knolls

Hi everyone, thank you so much to those of you who were able to join our Rolling Knolls CAG meeting earlier this week. Below is a link to the zoom meeting. Additionally, attached are the slides from the CAG consultants' presentation on comparable EPA Region 2 superfund landfills. Also attached is the FWS presentation on their recent data gap investigation. Finally, the EPA expressed the position that the NJ DEP Legacy Landfill Act does not apply to Rolling Knolls. Attached is a letter from DEP disagreeing with EPA and stating that the Legacy Landfill Act closure requirements do apply at Rolling Knolls.

Remember the next meeting is March 29 by zoom at 6PM for a full presentation by FWS consultants on their investigation.

Thank you, as always, for your interest and concern in this important issue.

Best, Sally
